New product line for elderly care

At Dispotech, Italian manufacturer, we are proud to introduce our latest product line tailored specifically for hospitals, nursing homes and care facilities focused on the care of elderly and bedridden patients.

Our innovative solutions are designed to enhance patient comfort and dignity while streamlining the caregiving process.

“ The way we treat our elderly says a lot about us. Their wisdom is a gift, and it is our duty to protect it.”

● BIBS WITH POCKET

Dispo Bibs pocket are disposable bibs with pocket. Made from one layer of highly absorbent cellulose tissue and one layer of waterproof polyethylene, these bibs ensure excellent protection for patients, while offering superior comfort and softness.

- Size: cm 37x67

● DENTURE BOX

Denture box/prosthesis box ensures perfect cleaning for all kinds of prostheses and braces with the maximum hygiene, in water with denture cleaning tabs for prolonged time. The materials have been engineered to resist cleaning products and guarantee long lasting and steady quality. The container has an inner filter to let cleaning products and residues settle on the bottom.
